ACS Scholars Program awards renewable scholarships for underrepresented minority students who wish to enter fields of chemical sciences. Scholars are selected based on academic standing, financial need, career objectives, leadership skills and involvement in school activities and community services. Please check at the [ACS Scholars Program website](#) for further information about the program.

Since the inception of the program in 1994, 1400 ACS Scholars graduated and received bachelor's degrees. Subsequently 187 graduates obtained Ph.D. degrees, 34 alumni became college/university faculty members, and presently 188 are enrolled in Ph.D. degree programs.
