Outstanding Four-Year College Chemistry Teaching Award

Purpose: To recognize, encourage and stimulate high quality teaching and research at four-year colleges and universities within the New York Section of the American Chemical Society.

The nomination for this award includes:

1. Candidate's CV
2. Candidate's list of publications
3. Up to three letters of support from superiors, associates, or local section members evaluation the nominees achievements as a teacher.

These documents should demonstrate the candidate's

1. Quality of teaching
2. Research productivity
3. Department/college service
4. Ability to challenge and inspire students
5. Awards

The 2018 nominations are due April 19th. The candidates need not be a member of the American Chemical Society. The Award committee of the New York Section will review the candidates and select the nominee. Unsuccessful candidate's files will be kept active for a period of three years. Any updating of the file will be welcomed. The award consists of a major award plaque, and will be recognized at the NY ACS Sectionwide conference.
