

## Learn the Chemistry of Wine Making

The Long Island Subsection of the New York American Chemical Society would like to invite New York ACS members to attend a Vineyard Tour. The tour will take place at Palmer Vineyards in Riverhead Long Island, N.Y. on Saturday, September 19, 2015 from 12:00 pm to ~2:00 pm.

- Winemaker Miguel Martin will explain the science behind the wine, discuss different grapes and viticulture practices, and explain the wine making process from grapes to bottling.
- Participants will be treated to a vineyard tour and wine tastings.
- This event is open to all New York ACS members and their guest or guests.
- All participants must be age 21 or older. The event will cost \$20 per ACS active members and \$30 per non-ACS members (guests). **\*\*All fees are non-refundable.**
- There are limited spaces available so, participants will be selected on a first come first serve basis. Reserve your spot ASAP!

For registration and payment, please go to:
