

New York ACS Local Section
Inorganic and Organometallic Topical Group
www.newyorkacs.org

Members of the New York ACS Local Section and their colleagues are cordially invited to the 8th annual

Frontiers of Inorganic and Organometallic Chemistry Lecture Series

Friday, October 26th, 2018, 1:30 pm - 5pm.
Columbia University, Morningside Campus,

Keynote Speaker
Prof. Theodore Betley
Harvard University

Symposium Speakers

Prof. Harry Gafney, CUNY
Prof. Eszter Boros, Stonybrook University
Prof. Rita Upmacis, Pace University

ION Poster Session Social Hour (5 - 6:30 pm)

Following the symposium, a social hour with refreshments will feature poster presentations by students and postdocs in the areas of Inorganic, Organometallic, and Nanochemistry.

Registration is required for this free event. To register or submit a poster abstract visit www.newyorkacs.org

James Camara (camara@yu.edu), Kathleen Kristian (kkristian@iona.edu)
Chairs, Inorganic and Organometallic Topical Group
