The Holiday Seminar & Dinner

Happy
Holidays!

With guest speaker

Dr. Paris Svoronos,

*Department of Chemistry, Queensborough Community College of CUNY
Bayside, NY 11364*

Title of Talk: "The History and Chemistry Associated with the Use of Lethal Gas Weapons During World War I."

Synopsis: The use of lethal gas during World War I (1914-1918) was the first case in history where a massive scale of this weapon was employed. The historical sequence as well as the description of the biological effect of the most commonly used gases during this war will be described.

All are welcome!

Bring your Questions - CUNY ID required

When: Thursday, December 6th, 2018

Where: Nassau Community College, CCB Building, Room 251/252

Time: 5:30 p.m. – Social, 6:00 pm – Dinner, 6:30 pm – Seminar Start

Directions: <http://www.ncc.edu/campuservices/parkingandsafety/mapanddirections.shtml>

1. Take I-495 east and get off at exit 38 (curved exit) to take Northern State Parkway east.
2. On the Northern State Pkwy, move to right (the exit merged to the left side of the parkway)
3. Get off at exit 31A to take Meadow Brook Parkway (south). (* Northern state Parkway splits into two, so take the right side to merge into Meadow Brook Pkwy)
4. Take Exit M4 (sign reads "Hempstead" and "Coliseum", Hempstead Turnpike West)
5. It is a long exit. Follow "NCC" sign.
6. Road merges into "Charles Lindbergh Boulevard.
7. Drive a half mile, and make right at the first traffic light which leads to NCC main parking lot.
8. Ask someone where is the CCB Building is.
