

Chemistry Safety Video Contest

Trenton ACS members and friends, the time is here for an event which will give you a chance to express your creativity, network with your peers, share and enhance your knowledge of Chemical Safety, and win great \$\$ prizes!

The window for submission for Safety Video proposals will be open from **September 15th** to **October 15th, 2018**. Once a team or individual submits a proposal, they will have the opportunity to interact with chemical safety experts from the ACS, create a great video, and participate in a fun awards ceremony at which outstanding videos will be recognized in multiple categories including "best picture."

The Trenton ACS invites members and friends of the ACS community to submit educational safety videos for the contest. Details and the submission form can be found on the Trenton ACS website (<https://trenton.sites.acs.org/>), News & Events.

The submission form can also be found via this link to the [Trenton ACS Video Safety Contest](#).

We look forward to your submissions, and if you have any questions please contact the current Trenton ACS Chair, Matt Crowe (matthew.crowe@ingredion.com)
