Outstanding Two-Year College Chemistry Teaching Award

Purpose: To recognize, encourage and stimulate high quality teaching and research at two-year colleges within the New York Section of the American Chemical Society.

The nomination for this award includes:

1. Candidate's CV including list of publications, students' oral and poster presentations and other evidence of students' involvement.
2. Up to three letters of support from superiors, associates, or local section members evaluation the nominees achievements as a teacher.

These documents should demonstrate the candidate's

- a. Quality of teaching
- b. Research productivity
- c. Department/college service including course development work
- d. Ability to challenge and inspire students
- e. Awards

The nominations are due September 30th. The candidates need not be a member of the American Chemical Society. The Award committee of the New York Section will review the candidates and select the nominee. Unsuccessful candidate's files will be kept active for a period of three years. Any updating of the file will be welcomed. The award consists of a major award plaque and a one year regular ACS member dues with New York Local Section dues, and will be recognized at the NY ACS Sectionwide conference.

Send materials to Serafinj@stjohns.edu by September 30th, 2019.
