## Chemistry Research Experience for Undergraduates *Working at the forefront of the central science*

### **William H. Nichols Fellowship Award**

The New York Local Section of the American Chemical Society is excited to announce the William H. Nichols Fellowship Award, a summer research program for New York area undergraduates.

- Participation in state-of-the-art research at your home institution (Summer 2016)
- Honored guest at the 2017 William H. Nichols Award Banquet (March 2017)
- Presentation of research at the 65<sup>th</sup> Undergraduate Research Symposium (May 2017)
- Stipend of \$5,000 for 10 weeks of research

Apply online at : [www.newyorkacs.org/NicholsFellowship.php](http://www.newyorkacs.org/NicholsFellowship.php)

Application Deadline: January 1, 2016
