

This year we repeat the opportunity to obtain a complimentary copy of the Merck Index which made last year.

There are two variations of the offer.

- 1) If your school participated in the 2011 Chemistry Olympiad and received a copy of the Merck Index we can provide you with one copy which you can use to honor an outstanding chemistry student or in some other way of your choice.
- 2) If your school did not participate in the 2011 Chemistry Olympiad we can provide you with two copies of the Merck Index, one for your school or departmental library, and one which you can use to honor an outstanding chemistry student or in some other way of your choice.

In either case we ask that you designate a student who will be responsible for picking up the book(s) at the local examination testing site. If you want the books to be shipped directly to you it will be necessary for you to provide a check for \$10 made out to the New York Section of the American Chemical Society.

Additionally, with respect to both of the options mentioned above, you may purchase additional copies of the Merck Index for the nominal cost of \$10. These extra books may be picked up at the local exam testing site or shipped directly to you at an additional cost of \$10/book to cover the cost of postage.

If you wish to avail yourself of the opportunities presented here please inform Professor Stephen Z. Goldberg when you register your students or by separate e-mail to [Goldberg@adelphi.edu](mailto:Goldberg@adelphi.edu)

It will be necessary to provide the following information:

- (a) how many books you wish to obtain
- (b) whether a student will pick up the books (identify the student) or whether you want the books shipped to you.
