

New York American Chemical Society Long Island Subsection

ANNOUNCING THE 28th NYACS HIGH SCHOOL AWARDS

For the 28th consecutive year, the American Chemical Society will be recognizing outstanding high school chemistry students from high schools in Nassau, Suffolk, and Queens. We are looking for your school's outstanding chemistry student(s). While the committee hopes the student will major in chemistry while in college, it is not a prerequisite. Please nominate the student(s) who you feel have demonstrated a strong interest and who have excelled in the field of chemistry. Please consult with your colleagues and come to a consensus for selecting your student(s), then complete the nomination form below by **Friday, April 21, 2017**.
