**Time:** 11:00 AM – 5:30 PM via Webcast

### **Abstract**

Pulmonary hypertension (PH) is a highly morbid condition without cure. This virtual symposium will explore new therapies beyond vasodilators acting by novel anti-proliferative, antifibrotic, or anti-inflammatory mechanisms to modify the natural history of disease.

### **Cost:**

This event has **reduced-rate registration** for ACS and NYAS members, at \$85 or \$30 (for students and post-docs). Please select the appropriate non-member Registration Category and use the **Priority Code ACS**. Non-members may attend for a fee of \$130 (corporate), \$105 (non-profit or academic) or \$40 (students and post-docs).
